

## **BOARD COMMENTS RE: DEGGELLER'S CONTRACT**

The contract calls out as a party " the Pig On the Pond Community Festival" which I do not believe is a legal entity like Project Scholars. IF so I do not believe it could enter into an agreement .

Deggeller agrees to pay the Fair the following amounts: I believe "Fair" should be "Festival"

The insurance certificate should name Project Scholars and not "the Pig on the Pond Community Festival" as an additional insured. It should also have a hold harmless clause to protect Board members. I believe the City will also want to be listed as an additional insured.

The signature line should list Project Scholars complete legal name.
